

COTTON SOCKS

Made from fine cotton for optimal comfort against the skin, these unisex knee-high socks come with two levels of graduated compression: 18-22 mmHg (medium) and 22-27 mmHg (strong). An anatomical heel and toe provide an ideal fit and a soft elastic cuff ensures extended wear.

Cotton knee-high compression socks

18-22 mmHg

Composition: 57% CO - 32% PA - 11% EA
